Dear Brian

I would gladly like to provide a testimonial for Boutique Citi Flowers as since your company have provided our serviced offices with Beautiful flower arrangements each week we have had non stop comments by our tenants and their clients as to how exotic and different the arrangements are!

We have never had the same arrangement twice and the ongoing customer service and care provided is outstanding. I would not hesitate in recommending Boutique Citi Flowers and their arrangements to any business requiring fresh beautiful flowers to enhance their offices.

Thank you Brian and Sonya.

Yours faithfully
