Flowers

Five months ago we moved into new premises and were looking for a florist who could give us something a bit "different". Brian and Sonya have done an amazing job in delivering us fresh, artistic creations which look just as good on Friday, as they did on the Monday. No two creations have been the same and with Brian taking the time to come to our offices, we always get flowers that compliment the surroundings.

Citi Flowers do a fantastic job and I would not hesitate in recommending them to anyone who is looking to update their reception flowers.

Yours faithfully

~~Hudson Gavin Martin~~
